2. The articles should be conveyed without delay as consignment are received by rail.

Further particulars and information required as to conditions may be had at the Superintending Engineer's Office at Cauvery Reservoir between the hours of 11 A.M. and 6 P.M. on any day except Sundays or other authorised holidays.

3. Tenders should be submitted on printed forms which may be obtained from the Superintending Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

	Description of work	Unit of work	Rate per unit

4. Each tender must be accompanied by a deposit of Rs. 200, two hundred in cash or promissory notes, as earnest money, and be superscribed "Tender for carting materials from Paschimavahini to Cauvery Reservoir Works (South Bank)," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Superintending Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Superintending Engineer's office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Rates should be given separately for conveying heavy Machinery articles on trucks to be supplied by Government and for carting lighted articles in contractors own cart.
